

NOTICE

ALL VILLAGE RESIDENTS

REGARDING:

Village-Wide Inspection
of Water Meters & Underground Piping
in cooperation with the
Michigan Department of Environmental Quality (MDEQ)

Over the next several months, we will be conducting a Village-wide inspection of all water meters and underground piping, as recently required by the MDEQ. These inspections are necessary to ensure the safety of the Village of Saranac's drinking water. Our shared goal with the MDEQ is to ensure protection of the public health, by conducting a thorough review of the water system, to determine the accuracy of the lead and copper sampling pool.

Please contact Tim Simmons, DPW Director, at your earliest convenience to schedule an appointment. He can be reached at 616.902.3946. If you are calling after 4:30 p.m. or weekends, please call the Saranac Village Office at 616.642.6324 to leave a message for Tim.

Thank you in advance, for your cooperation and promptness.
